SUMMARY

Electrical and Electronics Engineering student with interests in software development, web technologies, and embedded systems. Looking for opportunities to enhance my technical skills and contribute to real-world projects.

EDUCATION

R.M.K Engineering College
Bachelor of Engineering (B.E.), Department: EEE
Expected Graduation: 2028

EXPERIENCE

Infosys Springboard Internship

Duration: 2 Months

- Successfully completed internship training through Infosys Springboard.
- Worked on practical coding assignments and project development activities.
- Developed an internship project by applying software development concepts and programming skills.
- Gained hands-on experience in problem-solving, coding standards, and project implementation.

CodeAlpha – Java Programming Virtual Internship

Duration: 1 Months

- Successfully completed a 30-day virtual internship in Java Programming.
- Developed Java-based applications and programming solutions.
- Enhanced problem-solving and object-oriented programming skills.
- Gained practical experience in software development concepts.

PROJECTS

Personal Portfolio Website

- Developed a responsive portfolio website using HTML, CSS, and JavaScript.
- Showcased technical skills, projects, and contact information.

PDF QA Chatbot

- Built an AI-powered chatbot to answer questions from uploaded PDF documents.
- Utilized NLP and document processing for information retrieval.

Research Paper Presentation

- Presented "Car Parking System Using Arduino with Web Application" at RMKRASEFT-25.
- Organized by the Department of EEE, R.M.K. Engineering College.

Modular Home Automation using FreeRTOS

- Developed a home automation system using FreeRTOS.
- Implemented real-time monitoring and control of connected devices.

Vehicle-to-Vehicle (V2V) Communication

- Developed a communication framework for information exchange between vehicles.
- Explored concepts related to intelligent transportation systems.

TECHNICAL SKILLS

PROGRAMMING LANGUAGES	WEB TECHNOLOGIES	TOOLS	CORE SKILLS
• C Programming • Java • Python • JavaScript	• HTML • CSS	• Git & GitHub • VS Code	• Database Fundamentals • Web Development • Problem Solving

STRENGTHS

- Problem Solving
- Analytical Thinking
- Adaptability
- Teamwork and Collaboration
- Communication Skills
- Continuous Learning

ACHIEVEMENTS

- Presented a research paper at a National Conference conducted by R.M.K. Engineering College.
- Successfully completed CodeAlpha Java Programming Virtual Internship.
- Completed Infosys Springboard Internship Program.
- Developed multiple projects in web development, embedded systems, and software development.

CERTIFICATIONS

- Infosys Springboard Internship Certificate
- Code Alpha Internship Certificate
- Car Parking System Using Arduino
- Soft Skill Development - NPTEL
